~~RESOLUTION~~ AMENDING BOARD OF SUPERVISORS RESOLUTION 116-68 TO PERMIT CONTINUED OPERATION OF ELECTRIC TROLLEY COACHES ON MARKET STREET.

WHEREAS, The Board of Supervisors of the City and County of San Francisco, as part of the Market Street Beautification Program, adopted a policy under Resolution 116-68 stating its intention to restrict all transit vehicles utilizing the surface of Market Street to vehicles not requiring overhead wires; and

WHEREAS, The San Francisco Municipal Railway operates five long-established and heavily patronized trolley coach routes on Market Street, serving diverse parts of San Francisco and depended upon by many people in our city; and

WHEREAS, Operation of these trolley coach routes requires overhead wires for electrical power distribution, and therefore conflicts with the aforementioned provision of Resolution 116-68; and

WHEREAS, The staff of the San Francisco Municipal Railway conducted a study of the effect of removal of trolley coach operation from Market Street, including an examination of the operational, economic, service and environmental aspects of the various alternate means of accomplishing this objective, and published this study in a report dated June, 1975, entitled "Analysis of Operating Alternatives for Market Street Trolley Coach Lines"; and

WHEREAS, After circulation of this study among interested organizations and citizens, the San Francisco Public Utilities Commission convened a public hearing on this study on December 17, 1975, and following this hearing determined that trolley coach operation should be retained on Market Street, and recommended to this Board of Supervisors, in Resolution No. 75-0520, that trolley coach operation be retained on Market Street; and

BOARD OF SUPERVISORS

WHEREAS, Following completion of all necessary and appropriate environmental review procedures, the San Francisco Department of City Planning determined that retention of trolley coach operation on Market Street, with the required overhead wires for power distribution, could not have a significant effect on the environment; and

WHEREAS, The San Francisco City Planning Commission, in Resolution No. 7968, endorsed the retention of electric trolley coach operation on Market Street, and recommended to this Board of Supervisors that its Resolution No. 116-68 be amended in order that electric transit service might be retained on Market Street; now, therefore, be it

RESOLVED, That this Board of Supervisors finds that the interests of the people of San Francisco, the overall environmental quality of Market Street, and the maintenance of a high standard of transit service in San Francisco are all best served through the retention of trolley coach operation on Market Street; and, be it

FURTHER RESOLVED, That this Board of Supervisors does hereby amend its Resolution No. 116-68 by deleting from said Resolution Section 5, which reads: "Restrict all transit vehicles utilizing the surface of Market Street to vehicles not requiring overhead trolley wires"; and, be it

FURTHER RESOLVED, That this Board, as a matter of policy, supports the progressive expansion, according to sound principles of mass transportation planning, economics and design, of San Francisco's electrically powered transit system as a primary means of reducing air and noise pollution, optimizing the use of the city's electrical facilities, and enhancing the quality of public transportation in San Francisco.

WHEREAS, In 1957 the Honorable George Christopher, then Mayor of the City and County of San Francisco, and the Honorable Francis McCarty, then President of the Board of Supervisors of the City and County of San Francisco, initiated efforts which led to the transfer of the New York Giants professional baseball team to San Francisco; and

WHEREAS, On March 24, 1958, this Board of Supervisors acted to commit funds for the construction of Candlestick Park for the New York Giants professional baseball team; and

WHEREAS, Candlestick Park was thereafter built expressly for and because of the New York Giants baseball team agreeing to move its franchise to San Francisco, and with the proceeds of bonds repayable over a 35-year period and issued under the imprimatur of the City and County of San Francisco; and

WHEREAS, Candlestick Park was opened for baseball games of the San Francisco Giants on April 11, 1960; and

WHEREAS, A contract dated March 15, 1958 was entered into by and between the City and County of San Francisco through San Francisco Stadium, Inc. and the National Exhibition Company (the Giants), which contract was the product of an arm's length transaction and which contract provided for the leasing of Candlestick Park by the Giants from April 1, 1959 to March 30, 1994 at a rental minimum of $125,000 per year or, if higher, five per cent (5%) of paid admissions; and

WHEREAS, Such letter has no more force or effect than the opinion or recommendation of any other private party in the City and County of San Francisco; and

WHEREAS, The sum of $38.2 million (including interest and redemption) remains to be paid on such bonds; and

FINDING THAT THE PROPOSED SUBDIVISION MAP OF 1101 GREEN STREET IS CONSISTENT WITH THE MASTER PLAN, AND DISAPPROVING ACTION OF DEPARTMENT OF PUBLIC WORKS IN DISAPPROVING TENTATIVE MAP FILED IN CONNECTION THEREWITH.

WHEREAS, A tentative map for a 65-unit condominium conversion subdivision, dated January 10, 1978, was referred to the Department of City Planning for review pursuant to the provisions of Section 1325 of Chapter XIII, Part II, San Francisco Municipal Code (Subdivision Code) on the property described as follows:

1101 Green Street, Lot 1, in Assessor's Block 125; and

WHEREAS, On February 23, 1978, after a joint public hearing of the Department of Public Works sitting as the Advisory Agency and the City Planning Commission, the City Planning Commission adopted Resolution No. 7899, finding the condominium conversion subdivision to be inconsistent with the Master Plan in that it would result in a decrease of the rental housing stock of the City, and would increase the cost of housing in the City; and

WHEREAS, On February 24, 1978, the Director of Public Works disapproved said tentative map, based upon the aforesaid findings set forth in City Planning Commission Resolution No. 7899; and

WHEREAS, on February 24, 1978, pursuant to the provisions of Section 1333 of Chapter XIII, Part II, San Francisco Municipal Code (Subdivision Code) and Section 66452.5 of the Government Code of the State of California, the subdivider filed an appeal from the action of the Director of Public Works in disapproving said tentative map; and

WHEREAS, The Board of Supervisors set the matter for hearing on Monday, March 20, 1978; and

WHEREAS, On Monday, March 20, 1978, said Board of Supervisors debated the matter and made a determination as to findings, and directed the Clerk, in conjunction with the City Attorney, to draft appropriate legislation to implement the intent of the Board's decision, to be calendared and acted upon at the next meeting of the Board of Supervisors; and

WHEREAS, On Monday, March 27, 1978, the Board of Supervisors held a further hearing on said matter, and reviewed the appropriate legislation drafted by the Clerk in conjunction with the City Attorney; now, therefore, be it

RESOLVED, That this Board of Supervisors hereby finds that the proposed subdivision, together with the provision for its design and improvements, is consistent with the Master Plan, based upon the testimony that the subdivider would comply with the following conditions:

Condition No. 1:

The price of the two studio units (Units Nos. 203 and 204) upon conversion shall not exceed $42,900 and $39,600, respectively, so as not to remove them effectively from the City's moderate income housing stock, as required by Section 1385(b) of the Subdivision Code.

Condition No. 2:

The sales program for the project shall promote affirmative action in housing, as required by Section 1342 of the Subdivision Code.

Condition No. 3:

The present tenant or tenants of any unit to be converted shall be given a nontransferable right of first refusal to purchase the unit occupied, as required by Section 1385(d) of the Subdivision Code.

DOCUMENTS DEPT. S.F. PUBLIC LIBRARY

Condition No. 4:

The subdivider shall comply with any applicable temporary permanent and low and moderate income relocation requirement of Section 1385(e), 1385(f) and 1385(g) of the Subdivision Code.

Condition No. 5:

Tenants shall have a minimum of 180 days after the recording of the Final Map in which to relocate.

Condition No. 6:

The subdivider shall pay the sum of $1,000 for moving expenses to those tenants not wishing to purchase their unit, who relocate elsewhere within the Bay Area within sixty (60) days after recordation of the Final Map.

Condition No. 7:

The subdivider shall provide to tenants, 62 years or older, as of the date of this resolution, who occupy a unit as a sole residence, a written lifetime lease, with no increase in rents other than annual cost-of-living increases over the current base rental, to tied to the Housing Component of the Federal Consumer Price Index or equivalent index.

Condition No. 8:

Sales prices to tenants shall be 15 percent below those prices at which units are offered to the general public, and shall in no case exceed the amounts set forth in attached Exhibit "A". No real estate commission shall be paid or payable by any tenant buyer.

Condition No. 9:

Approval is for 65 condominium units and 34 parking stalls.

Condition No. 10:

The subdivider shall guarantee in writing to tenants who purchase their unit to buy back said unit upon thirty days' written demand made within a period of two years following the date of the tenant's purchase. The subdivider shall pay back to any such tenant exercising his buy-back guarantee the original sales price, and reimburse said tenant the substantiated cost of interior capital improvements made to said unit by the tenant.

Condition No. 11:

The subdivider shall complete, at its own cost, the improvements listed in the attached Exhibit "B", and shall further require that all contractors performing said work of improvements guarantee and warrant their work in writing in favor of the condominium homeowners association; and be it

FURTHER RESOLVED, That this Board of Supervisors hereby disapproves the action of the Director of Public Works in disapproving the tentative map herein.

FINDING THAT THE PROPOSED SUBDIVISION MAP OF 1097 GREEN STREET IS CONSISTENT WITH THE MASTER PLAN, AND DISAPPROVING ACTION OF DEPARTMENT OF PUBLIC WORKS IN DISAPPROVING TENTATIVE MAP FILED IN CONNECTION THEREWITH

WHEREAS, a tentative map for a 14-unit condominium conversion, dated January 10, 1978, was referred to the Department of City Planning for review pursuant to the provisions of Section 1325 of Chapter XIII, Part II, San Francisco Municipal Code (Subdivision Code) on property located at 1097 Green Street; and,

WHEREAS, on February 23, 1978, after a joint public hearing of the Department of Public Works sitting as the Advisory Agency and the City Planning Commission, the City Planning Commission adopted Resolution No. 7896, finding the subdivision to be inconsistent with the Master Plan in that it would result in a decrease of the rental housing stock of the City, as a result of a tie vote before the Commission deemed to constitute a disapproval; and,

WHEREAS, on Monday, March 27, 1978, the Board of Supervisors held a further hearing on said matter, and reviewed the appropriate legislation drafted by the Clerk in conjunction with the City Attorney; now, therefore, be it

RESOLVED, that this Board of Supervisors hereby finds that the proposed subdivision, together with the provision for its design and improvements, is consistent with the Master Plan, based upon the testimony that the subdivider would comply with the following conditions:

FILE NO. 97[illegible] RESOLUTION NO. [illegible]

RESOLUTION GRANTING MIDTOWN PARK CORPORATION ONE YEAR RIGHT TO HAVE PROPERTY RECONVEYED FOR CREATION OF A HOUSING COOPERATIVE.

WHEREAS, The Midtown Park Corporation, a nonprofit corporation, financed the acquisition of the Midtown Park Project and conveyed the property to the City and County of San Francisco by deed of gift subject to a deed of trust securing a loan from the Penn Mutual Life Insurance Company; and

WHEREAS, The Midtown Park Project has provided and has been maintained as decent, safe, sanitary and moderate-priced housing units for persons of moderate income; and

WHEREAS, The Midtown Park Corporation has with rental incomes maintained the payment on the Penn Mutual loan; and

WHEREAS, A substantial majority of the residents of the Midtown Park Project have evidenced a desire to organize a housing cooperative for the purpose of holding title to the Midtown Park Project, with the residents as tenant-shareholders; and

WHEREAS, If the tenants were able to acquire an ownership interest in the building it would encourage them to make needed improvements; and

WHEREAS, Reconveyance of the property to a housing cooperative would place the Midtown Park Project on the secured property tax rolls of the City and County of San Francisco, thus relieving the City and County of the responsibility for possessory interest taxes; and

WHEREAS, there is a need to enable and to encourage moderate income persons to live in San Francisco

BOARD OF SUPERVISORS

and to encourage housing which is economically integrated; and

WHEREAS, allowing the Midtown Park Corporation to convert the Midtown Park Project to a non-profit private housing cooperative consisting of moderately-priced housing which will be available to low and moderate income people will enable and encourage moderate income persons to live in San Francisco and to live in neighborhoods which are economically integrated; and

WHEREAS, the few tenants of the Project who are above the moderate income level were not above the moderate income level when they became tenants in the Project and allowing them, along with the other tenants in the Project, a priority on buying into the cooperative would tend to stabilize the resident population and to encourage economic integration as well as provide a model of mobility up the economic ladder; and

WHEREAS, the transfer of Midtown Park to the Corporation with the conditions described below will be consistent with the Residence Element of the City's Master Plan, now therefore, be it

RESOLVED, That in consideration of the efforts of the residents of the Midtown Park Project to organize a non-profit housing cooperative for the purpose of acquiring the property for low and moderate income housing, which acquisition would place the property back on the secured property tax rolls of the City and County of San Francisco, the City and County of San Francisco grants to the Midtown Park Corporation, for one year, the exclusive

right to have the property reconveyed by deed of gift for use as a non-profit housing cooperative for persons of low and moderate income subject to the following conditions which shall be included as conditions subsequent in any deed of gift to this property and in any ordinance authorizing reconveyance of the property:

(1) The property shall always be used as a non-profit "stock cooperative" to provide housing for "low and moderate income" persons. The monthly charge to the tenant-shareholders shall be based on an equitable proration of all operating costs, including mortgage payments, reserves for replacement and maintenance, and a reserve for assisting low and moderate income persons to buy shares on resale.

(2) Tenant-shareholders in the stock cooperative shall have the exclusive rights of occupancy to all portions of the real property. The tenant-shareholders shall not sublet their units without approval of the board of directors of the cooperative. No unit may be sublet for an amount in excess of the tenant-shareholder's periodic payment for the unit and the board of directors shall not approve any sublease for a period in excess of one year.

(3) If a tenant-shareholder leaves the project, his shares shall be repurchased by the cooperative corporation for a price not in excess of the amount of the tenant-shareholder's share of the principal payments on the mortgage. In addition, the cooperative corporation may pay interest computed at the current legal rate from any profit realized by the cooperative corporation on the subsequent resale of shares.

(4) Any profit realized by the cooperative corporation on subsequent resale of shares, which is in excess of that paid to the selling tenant-shareholder as interest, shall be put in a fund to help provide loan assistance to low and moderate income persons in purchasing shares. This fund shall become the property of the City and County of San Francisco if title to the Midtown Park Project ever reverts to the City and County of San Francisco.

(5) Priority in the sale of shares by Midtown Park Corporation shall be given in this order:

(a) First to low and moderate income current residents of the Midtown Park Project;

(b) Second to low and moderate income relocatees of urban renewal projects;

(c) Third to other low and moderate income persons; and

(d) Fourth to all other current residents of the Midtown Park Project regardless of income.

(6) The number of tenant-shareholders whose income is above the moderate income level (hereinafter called high income tenant-shareholders) shall be limited to 30% of the total tenant-shareholders. If the percentage of high income tenant-shareholders ever rises to more than 30%, high income tenant-shareholders shall be ranked according to the length of time each has been high income and required to sell their shares back to the Corporation in that order beginning with the persons who have been tenant-shareholders the longest until the high income shareholders comprise less than 30% of the total.

(7) The Corporation shall submit an annual audit regarding compliance with these conditions on the transfer of the Midtown Park Project to the Director of Property and to the Board of Supervisors. If the Board of Supervisors finds that the Midtown Park Corporation has failed to comply with the aforementioned conditions, or that the corporation is unable successfully to finance the operation of the Project as a cooperative for low and moderate income tenant-shareholders, the Board shall so notify the corporation which shall have 90 days to correct any deficiencies. If the deficiencies are not corrected within 90 days, title to the property shall revert to the City and County of San Francisco.

(8) For the purpose of this resolution, the following definitions apply:

(a) "Low income" shall mean the income of households, as defined by concept 79.1 of the 1970 U.S. Census "User's Guide," whose immediate household income does not exceed eighty percent (80%) of the median household income for the San Francisco Standard Metropolitan Statistical Area as determined by the U.S. Department of Housing and Urban Development and adjusted according to the determination of that Department pursuant to the Housing and Community Development Act of 1974;

(b) "Moderate income" shall mean the income of households, as defined by concept 79.1 of the 1970 U.S. Census "User's Guide," whose immediate household income is greater than eighty percent (80%) but does not exceed one hundred twenty percent (120%) of the median household income for the San Francisco Standard Metropolitan Statistical Area

as determined by the U.S. Department of Housing and Urban Development and adjusted according to the determinations of that Department pursuant to the Housing and Community Development Act of 1974;

(c) "Stock cooperative" shall mean a corporation formed or availed of primarily for the purpose of holding title to, either in fee simple or for a term of years, improved real property, if all or substantially all of the shareholders of such corporation receive a right of exclusive occupancy in a portion of the real property, title to which is held by the corporation, which right of occupancy is transferable only concurrently with the transfer of the share or shares of stock in the corporation held by the person having such right of occupancy.

OPPOSING ASSEMBLY BILL 2992, WHICH WOULD TRANSFER THE GOLDEN GATE BRIDGE, HIGHWAY AND TRANSPORTATION DISTRICT TO THE CALIFORNIA TRANSPORTATION COMMISSION

WHEREAS, On March 20, 1978, Assembly Bill 2992 was introduced in the California Legislature by Assemblyman Wornum; and

WHEREAS, Said Bill, if enacted, would abolish the Golden Gate Bridge, Highway and Transportation District, would transfer the Golden Gate Bridge to the California Transportation Commission to be operated by the Department of Transportation under the direction of said Commission and would transfer the bus and ferry operations presently provided by the Bridge District to a newly formed Golden Gate Transit District; and

WHEREAS, The Golden Gate Bridge, Highway and Transportation District was formed following a favorable vote by the people residing in its constituent counties, including the City and County of San Francisco; and

WHEREAS, The major portion of the bonded indebtedness incurred through the construction of the Golden Gate Bridge was supported by the taxpayers of the City and County of San Francisco; and

WHEREAS, Over the years the City and County of San Francisco has been a leader in shaping the regional transportation policies of the Golden Gate Bridge, Highway and Transportation District and today has a vital interest in the provision of an effective and balanced system of transportation in the Golden Gate Corridor; and

WHEREAS, The Board of Directors of the Golden Gate Bridge, Highway and Transportation District, as presently constituted, consists of nineteen members, nine of whom are representatives of the City and County of San Francisco; and

WHEREAS, Assembly Bill 2992, if enacted, would totally eliminate direct voting participation by the City and County of San Francisco in the planning and operation of public transportation in the Golden Gate Corridor as a result of transfer of responsibility for maintenance, repair and operation of the Golden Gate Bridge to the California Transportation Commission and transfer of responsibility for planning and operation of public transportation in the Golden Gate Corridor to a new agency to be designated the "Golden Gate Transit District" whose governing board would consist of twelve members, five elected from the County of Marin, five elected from the County of Sonoma, one non-voting member appointed by the Governor and one non-voting member appointed by the Mayor of San Francisco; and

WHEREAS, The Board of Supervisors of the City and County of San Francisco believes that the Golden Gate Bridge, Highway and Transportation District, as it presently exists, is uniquely equipped to provide for and to govern the full range of transportation activities in the Golden Gate Corridor, that said District has performed admirably and effectively since its inception and that the concept embodied in Assembly Bill 2992 to effect its abolition is both ill-conceived and ill-advised; and

WHEREAS, The adoption of Assembly Bill 2992 would not be in the best interests of the City and County of San Francisco; now, therefore, be it

RESOLVED, That it is the policy of the Board of Supervisors of the City and County of San Francisco to oppose Assembly Bill 2992; and be it

FURTHER RESOLVED, That the legislative representative of the City and County of San Francisco hereby is directed to take such steps as may be appropriate to represent the interests of the City and County of San Francisco concerning this matter and to take such

REQUESTING THE CALIFORNIA STATE LEGISLATURE TO AMEND SECTION 830.35 OF THE PENAL CODE.

WHEREAS, former policemen of the San Francisco Port Commission are now being assimilated into the San Francisco Police Department, and

WHEREAS, these Port Commission policemen had derived their peace officer status from Section 830.35 of the California Penal Code, which only confers this peace officer status upon employees of the San Francisco Port Commission, and

WHEREAS, this loss of peace officer status by these men would also result in the loss of their ability to remain in the State of California Public Employees'Retirement System, and

WHEREAS, the Chief of Police of San Francisco has rectified this problem by appointing them as auxiliary policemen pursuant to the authority vested in him by Section 830.6 of the California Penal Code, and

WHEREAS, the action by the Chief of Police has provided an interim solution to the above set forth problem of eligibility in the State of California Public Employees'Retirement System, and

WHEREAS, the proper and permanent method of ameliorating the problem is to amend the language in Section 830.35 of the California Penal Code in order to make the section applicable to these former San Francisco Port Commission policemen, now members of the San Francisco Police Department, therefore, be it

RESOLVED: That the State Legislature is hereby requested to amend Section 830.35 of the California Penal Code to read as follows:

WHEREAS, The U.S. has had a long tradition of strong private education; and

WHEREAS, Increasing tuition costs would restrict the right of educational choice; and

WHEREAS, Bi-partisan legislation has been introduced in the U.S. Congress which substantially helps all tuition paying families with students in a tax or non-tax supported institution from first grade through graduate school; and

WHEREAS, H.R. 5216, The Tuition Relief Act by Rep. James Delaney offers a choice of either $1000 tax deduction (in computation of taxes owed) or a $250 tax credit (from taxes owed) for each individual student; and

EXTENDING THE PERIOD OF DELIBERATION ON PROPOSED RESIDENTIAL ZONING REVISIONS BY A PERIOD OF ~~SIX~~ FOUR MONTHS FROM MAY 20, 1978 TO ~~NOVEMBER~~ SEPTEMBER 20, 1978.

WHEREAS, In response to widespread requests to consider the adequacy of residential zoning in San Francisco, and to make zoning more suitable to the present-day concerns and expectations of the people of the city, on August 2, 1973, the City Planning Commission authorized a comprehensive study of residential zoning throughout the city, and said study, which also was endorsed by the Board of Supervisors, was commenced in July, 1974, after interim residential protection measures were adopted by the Board in February, 1974; and

WHEREAS, In said Resolution, the Commission directed the Zoning Administrator to set a time and place for hearings on said amendments, but instructed the Department to study and refine the maps and written regulations proposed prior to scheduling of said hearings; and

OPPOSING ANY EFFORT TO CLOSE THE PRESIDIO OF SAN FRANCISCO AND LETTERMAN ARMY MEDICAL CENTER, AND REQUESTING THE MAYOR TO APPOINT AN AD HOC COMMITTEE TO ACT AS LIAISON FOR THE CITY IN THIS MATTER.

WHEREAS, The Defense Department has initiated a study of possible military base realignment and personnel reductions at military installation in California and throughout the nation, including study of the realignment of the Presidio of San Francisco and Letterman Army Medical Center, and

WHEREAS, Realignment of the Presidio of San Francisco and Letterman Army Medical Center would have significant adverse effect on the economic, environmental, cultural, historical and medical resources of San Francisco, and

WHEREAS, Said closure would present the following adverse economic effects on the San Francisco Bay Area:

1. The Presidio of San Francisco and Letterman Army Medical Center presently employ 3,227 military personnel with approximately 7,000 dependents and 3,466 civilians. The severance of these employees from their jobs will worsen San Francisco's chronic unemployment which is forecasted by the U.S. Department of Labor to remain at 8% in the foreseeable future, well above the national average.
2. The payroll for said employees during Fiscal Year 1976 was $169,000,000 ($76.6 million, civilian; $92.5 million, military), with much of this money spent for goods and services in San Francisco and the San Francisco Bay Area.
3. The Presidio through a $4.5 million housing allowance for off-base Presidio military personnel significantly contributes to the San Francisco Bay Area Housing economy.
4. An estimated 39,000 retired military families use Presidio facilities representing an average retirement income of $190 million a year, more than $150 million of which is spent in the civilian Bay Area communities.
5. Approximately $22.2 million was spent by the Presidio through contracts with civilian firms for construction, supplies, maintenance and repair Fiscal Year 1977 providing jobs and support to the Bay Area construction trades and particularly to small business (68% of local contracts).
6. Each year the Federal government reimburses the San Francisco Unified School District for the education of Army dependent children. In 1977-78, a total of $602,000 was reimbursed for nearly 669 children who attended public schools in the San Francisco Unified School District, thereby supporting public education in the City and County of San Francisco.
7. More than 249 summer jobs were made available by the Presidio last year for teenagers and disadvantaged youth aiding a major local effort to provide summer jobs for needy young people.
8. By enactment of PL 92-589 Congress directed the Presidio be included within the boundary of the Golden Gate National Recreation Area when and if Presidio lands become excess to military needs. Should the Presidio become part of the Golden Gate National Recreation Area this vital land will remain off the tax roles of San Francisco and without the significant job-related economic, social and cultural dividends it now provides the San Francisco Bay Area. At the present time, over 50% of the land in San Francisco is tax exempt, with the Federal government owning 35% of the government-held tax exempt land from which the City and County of San Francisco cannot seek tax monies to provide vitally needed local services; and

JUN 9 0 1

WHEREAS, Said closings would adversely affect San Francisco environmentally because:

1. The Presidio is the largest open space area in the City and County of San Francisco with approximately 89% of its 1,480 acres in open or green space, and, as an open post, has provided more than 68,000 registered visitors annually with recreational facilities and scenic viewpoints unequaled in the Bay Area plus countless others on self-guided tours.
2. The Presidio, as a registered national historical place, has at least 96 buildings and facilities of historical significance to the people of California and the United States and the world.
3. The Army maintains the historic military atmosphere thus preserving housekeeping and grounds maintenance beyond standards available to other agencies. This program preserves for posterity a vital portion of our national heritage through living history.
4. From its unique geographic setting in the Presidio, the Army fulfills a vital role in extending the national honors and protocol to distinguished international visitors to the great Port and City of San Francisco.
5. The Presidio recently commenced a 5-year reforestation plan to maintain and improve its open space areas for public benefit; and

WHEREAS, The closure of Letterman Army Medical Center will have adverse medical effects because:

1. The new Letterman Army Hospital, constructed by the Army in 1969 at a cost of $15.1 million, has provided modern and efficient medical services to approximately 9,000 in-patients and clinic treatment of 505,658 out-patients in 1977 which would be dramatically reduced or transferred to a less convenient facility. Estimated cost to replace this hospital in 1978 would exceed $78.8 million.
2. Letterman Army Hospital medically supports 70,000 retired military personnel and their dependents in the Bay Area.
3. Letterman Army Hospital has responded in emergency situations such as the Golden Dragon Restaurant massacre, boating accidents on San Francisco Bay, providing life-saving services to hundreds of Bay Area persons over the year to include emergency evacuation services to critically ill patients.
4. The present hospital building provides a significant degree of resistance to seismic disturbances and, by modest structural improvements estimated to cost approximately $15 million, could be improved to meet the latest California seismic codes for hospitals. In contrast, $30 million would be required for the modifications of the Naval Hospital in Oakland.
5. The Letterman Army Institute of Research was built at a cost of $30 million and inaugurated in 1976. It is the most modern medical laboratory meeting a high standard of seismic protection in the Bay Area. It is the only medical research facility in the Army Medical Department which meets the Federal Good Laboratory Act. By connection with Letterman Army Medical Center, the structure is efficiently operated, sharing many of the same utilities and logistical support features of the hospital structure.
6. The proposal to close the Letterman Army Institute of Research comes at a time when the Department of Defense is also planning or building 31 new research facilities at a

BOARD OF SUPERVISORS

cost of $593 million.

7. The Letterman Army Institute of Research has outstanding programs in dermatology and blood research and many other specialty programs which would be interrupted if the Institue were closed. In addition, the relationship of LAIR to LAMC provides a unique arrangement for the maximum exchange and interface between medical research and the most modern teaching and medical center providing professional services to include many other related medical facilities in the Bay Area such as outstanding programs in nutritional research, health hazards and medical protection of lasers; and

WHEREAS, Historically, the Presidio, a 202-year old facility, through it sponsorhip of numerous public events, such as the annual Fourth of July and Armed Forces Day parades, is fostering an appreciation for our American culture and heritage and, because it is so closely interwoven with the urban fabric of the City and County of San Francisco, it has become an asset of inclacuable value to the entire Bay Area; and

WHEREAS, In recent history, the Federal government has closed two major military operations in San Francisco, namely the Hunters Point Naval Shipyard in 1974 and Fort Mason Army Base in 1972; and

WHEREAS, The closure of the Hunters Point Naval Shipyard severed 5,600 people from their jobs with no replacement of these jobs and the shipyard facilities remain off the tax rolls, job unproductive and encumbered in litigation to this day; and

WHEREAS, Fort Mason Army Base, closed in 1972, was transferred to the Golden Gate National Recreation Area and, to this date, its major area remains in an unkempt, delapidated and deteriorating condition causing blight and concern for the directly adjacent residential community; now, therefore, be it

BOARD OF SUPERVISORS

FURTHER RESOLVED, That the Mayor be and he is hereby requested to appoint a committee of local citizens and officials, to be headed by the President of the Board of Supervisors, as the Supervisor from District 2 within whose boundaries the Presidio lies, to maintain close liaison with Federal officials, as the realignment study continues and its recommendations are made and to confer with Federal officials, including the Department of Defense and our Federal elected Legislative Representatives as appropriate from time to time, to the end that the retention of the Presidio and Letterman Army Medical Center be assured, and the City and County of San Francisco be kept fully advised of all studies and actions on this subject; and, be it

URGING THE REJECTION OF PROPOSITION 13, ALSO KNOWN AS THE JARVIS-GANN INITIATIVE.

WHEREAS, An initiative petition has been circulated in the State of California and has qualified for the ballot, designated as Proposition 13; and

WHEREAS, The Jarvis-Gann Initiative proposes to limit ad valorem taxes to 1% of the 1976-77 full cash value of real property with certain adjustments for new construction, change in ownership, and 2% per year for inflation; and

WHEREAS, Upon the adoption of the Jarvis-Gann Initiative, the maximum ad valorem tax revenues available to the City and County would decrease 48%; and

WHEREAS, If the Jarvis-Gann Initiative is adopted, the effect in San Francisco would benefit business to a greater extent than individual home owners, according to the Board of Supervisors' and Budget Analyst's analysis of March, 1978; and

WHEREAS, The adoption of the Jarvis-Gann Initiative would compel a severe reduction in municipal services such as police, fire, transportation, libraries and museums, and the elimination of other currently provided departmental services such as facilities of the Recreation and Park Department; and

WHEREAS, If the City and County of San Francisco were to continue the current level of services, increased revenue would be required in the form of payroll tax increases, utility user tax increases and property transfer tax increases which would also be passed on to the consumers; and

WHEREAS, If such revenues are not increased, the City and County's 1977-78 budget would suffer a reduction of $172.0 million, causing substantial cutbacks in many City departments, unless

revenues are increased or alternate methods of taxation are provided by the State Legislature; and

WHEREAS, The adoption of the Jarvis-Gann Initiative would result in reduced municipal revenues as well as in reduced Federal Revenue Sharing monies to be received by the City and County of San Francisco; and

WHEREAS, The adoption of the Jarvis-Gann Initiative could cause a $251.7 million reduction in the City budget, including schools, resulting in the elimination of 5,555 permanent city employees and approximately 1,500 CETA employees, excluding schools; and

WHEREAS, The City Controller indicates that the financial impact of Proposition 13 on the City and County, Unified School District, Community College District and San Francisco's support of BART is estimated as a $251.7 million shortfall of property taxes, and the Controller also noted that the full effect of Proposition 13 will not be realized until March, 1979, at which time the tax rate on the unsecured roll will drop from $11.70 per $100 to $4.00 per $100 assessed value, which will further reduce estimated revenues from property taxes for subsequent years by $27 million; and

WHEREAS, The adoption of the Jarvis-Gann Initiative would severely curtail local control of municipal affairs; and

WHEREAS, The passage of the Jarvis-Gann Initiative would result in undue public disruption with expectation of considerable litigation to interpret questioned sections; now, therefore, be it

RESOLVED, by the members of the Board of Supervisors of the City and County of San Francisco that Proposition 13, commonly known as the Jarvis-Gann Initiative, should be rejected by the voters of San Francisco; and be it

FURTHER RESOLVED, That copies of this resolution be forwarded by His Honor, the Mayor, for transmittal to the State Legislative Representative and presentation by the latter to the members of the

San Francisco delegation in the State Legislature with the request that all necessary action be taken to insure the enactment of the above-described legislation.
